

UHF RFID Car Sticker Solution

Apartments & Industry purpose

Operation Principal - Smartpower UHF Long Distance RFID Parking System is a based on latest 915MHz High Freq. Technology which senses approaching Vehicles from 10~12 Mt distance & Opens the Barrier Gate automatically.

The user friendly Access control software gives IN - OUT report of CARS with photo. The 915MHz RFID tags are fitted in the front glass of the Vehicle.

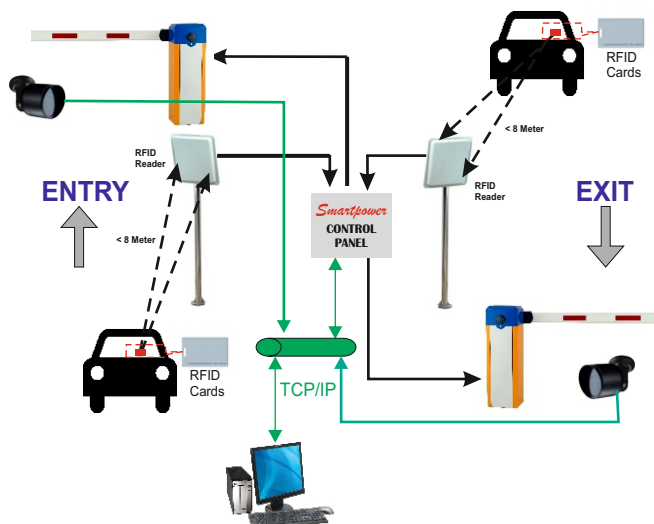

This system is very much popular for Automatic Vehicle ENTRY in large Apartments, it reduces security manpower & improves security. This system is also used in Industry to keep track of vehicles IN / OUT
