

Wireless QR Ticket POS Parking FEE

For Apartments, Industry & Parking Area

Operation Principal - *Smartpower* Android POS Parking System uses simple Point of Sale Devices with built in QR Code Paper Ticket printer. When the CAR enters, the ANPR Camera takes picture automatically / or the VehicleNo can be manually entered. QR code paper ticket is printed & Boom Barrier opens. The bluetooth wireless LED Display & Speaker Greets WELCOME.

When the CAR reaches the EXIT gate, the ANPR Camera can take picture / or Vehicle No / or receipt no can be manually feed, Android POS authenticates the data & the Wireless Bluetooth LED display shows parking FEE & the speakers announces the Parking FEE, on payment receipt is printed & the Boom Barrier opens.
